Additional Information

The **ICAISC 2025** aims to promote collaboration among researchers, practitioners, and industry experts to explore and develop innovative solutions for the challenges faced by modern cities. Attendees will have the opportunity to participate in interactive sessions, hands-on workshops, and panel discussions that delve into the latest advancements and future directions in smart city technologies.

We encourage submissions that address practical challenges and propose new methodologies, models, and technologies that can be applied in real-world scenarios. Cross-disciplinary research that combines insights from different fields to tackle complex urban issues is highly welcomed.

Join us at **ICAISC 2025** to share your research, network with peers, and contribute to the advancement of smart city technologies. We look forward to your participation!
